

Kindertons Put Right Foot Forward in Race For Life

Kindertons Limited, Crewe, Cheshire, have yet again been raising money for Cancer Research UK, this time entering the ever growing in popularity Race for Life.

The 8 strong team of ladies, who all looked great in their Kindertons Race for Life tee shirts, walked and ran the 5 kilometres distance round the picturesque surroundings of Trentham Gardens, Stoke on Trent. Despite the interesting weather conditions and the emotional attachment for all members, the team proceeded to cover the distance for the charity.

Stephanie Tagg, Technical Recoveries Handler at Kindertons, who helped organise the Kindertons ladies Race for Life team said, "Race for Life began in 1994 with one race in Battersea Park London, more than 600 women came together and raised £36,000, many years later the Kindertons team are delighted to be part of something much bigger and are continuing to raise large amounts of money for such a superb charity".

Joining Stephanie at Trentham Gardens on Tuesday 9th June was her twin sister Philippa, Louise Clarke, Helen Litherland, Claire Cornes, Rebecca Vernon, Angela Turton and Kelly Coleman. Helen, Experienced Claims Handler added "On behalf of the whole team we would like to thank all our families and friends and in particular colleagues at Kindertons for all their support and generosity throughout".

The ladies from Kindertons would be joined by a further 5000 women who will walk, jog or run the 5 kilometres to help Race For Life smash their fundraising target of £266,000 for Cancer Research UK's life-saving work.

As well as the serious task of raising money for the charity it is a great opportunity to have a lovely day out with family and friends and help more people beat cancer. Kindertons can add this to a long list of charity events for this year and the ladies are looking forward to future walks for Cancer Research UK and hope to continue raising money.
